Build and Launch: Two Paper Rockets

Tracking #: 2026-11-11-EMM-PROJECT-STRAW-ROCKET-44

Real build: paper rockets with and without fins

Make	**2 small rockets**
Test	3 launches each from same line
Record	Distance in feet plus one observation
Source	Science Buddies Paper Rockets video

1. Sketch and label your TWO finished paper rockets. Show the closed nose, open straw end, and fins on rocket 2.

2. Record three measured flight distances for the NO-FINS rocket, in feet, and one flight observation.

3. Record three measured flight distances for the FINS rocket, in feet, and one flight observation.

Build and Launch: Two Paper Rockets

4. Find each rocket’s longest measured flight and compare by how many feet they differ.

5. Write three complete sentences: what you built, what you observed, and one thing you would change in a fair next test.
